Daniel Park — Documentation, Dev Experience & Integration Engineer

Email: daniel.park@example.edu | Portfolio: danielpark.dev | Sydney, AU

Professional Summary
Bridges systems code & user onboarding. Writes clear build/install/docs & CLI tooling.
Will package SOLSTICE so others can plug in VC schemes & run benchmarks quickly.

Key Skills
• MDbook / Docusaurus / MkDocs
• CLI tooling (Cobra/Go, clap/Rust)
• Integration examples & test harness scaffolds
• CI doc checks; lint/format automation
• Basic React for visualizations

Relevant Coursework: Software Engineering Studio; Technical Writing; Secure DevOps.

Selected Projects
• Plugin■Ready Commitment Demo (doc set)
• Rust+Go Multi■Lang SDK Docs (protobuf)
• Developer Quickstart Guides (■60% onboarding time)

Contribution to SOLSTICE
Produce SOLSTICE docs; adapter skeletons; reproducible evaluation scripts.
